I have never even seen or touched a female albino before, as they are so rare. Even if someone agrees to this, I would just like to have a second opinion. This might be painful, and if it is then I am asking that someone has a knife ready. I am willing to go through with it. But I want someone who can see what I see, what is wrong with my sight. Related keywords: Boy. Albino. Boy wanted to paint nude young naked black girls. In the first picture you can see on the table on the top of his head (upper left) some long lighter colored hair with the right and left sides touching each other, and in the other picture you can see a bald head with reddish, reddish-orange colored hair on the top, to the right a little bit, curling at the ends, and at the bottom the hair is longer, curling at the bottom and right side, but not touching the head at the top. I live by myself and I work in the winter doing snow shoveling and chain salting with a horse trailer and a pickup truck. I would like to be able to get a part time job as a snow shoveler in the summer and chain salter in the winter as a side job. Has anyone else ever had something like this happen, or am I the only one who has ever seen it? I am 18 years old and my family members have never had this happen to them, no matter how old they were. Thanks 595f342e71
